Contributions From Other
Towns Swell Fund For
Local Groups.

300 COAL MINERS
ARE SUBSCRIBERS

Workers Will Make Final
Reports To Manager
This Evening.

With the goal of \$30,000 almost in
sight, team captains and workers of
the Salem Welfare Federation started
the final lap of the campaign follow-
ing an enthusiastic meeting Monday
morning in the Chamber of Com-
merce rooms.

Contributions from nearby towns
swelled the fund considerably, ac-
cording to reports submitted this
morning.

The Beaver Coal company of Cole-
man subscribed \$400. The sum of
\$500 was subscribed by officials and
employees of the Seeger Fuel com-
pany's mine at West Point, 16 miles
from Salem. Out of 300 miners only
two failed to subscribe to the com-
munity chest which will take care of
the Salem City hospital, the Salem
Community home, the Red Cross and
the Salvation Army.

Campaigners who went to Leetonia
reported a \$500 subscription from the
United Iron and Steel company and
\$50 from the Sterling Coal company.
Reports are yet to come from other
neighboring towns, and the campaign
was continued Monday throughout the
rural districts surrounding Salem.

The workers will report at 5 o'clock
this evening to Campaign Manager
Frederick P. Mullins at the Chamber
of Commerce.

Chairman Stratton Names
Executive Committee
Of Dry League.

All the ministers of the city and
two or more members of the various
churches will compose the executive
committee of the Salem and Perry
township Dry Maintenance league.

A meeting of the league was held
Sunday afternoon at the Presbyterian
church with A. H. Stratton, chairman,
and he was authorized to appoint the
executive committee.

An effort will be made to get peo-
ple out to vote against the proposed
tight wines and beer amendment to
the state constitution. A finance com-
mittee will be appointed and an ef-
fort will be made to raise funds to
carry on the campaign and to assist
local and county officials in law en-
forcement after the election. Similar
meetings to this one are being held
all over the county.

A meeting of the executive com-
mittee will be held at 8 p. m. Monday
at the Presbyterian church to make fur-
ther plans for the work.

Explosions Wreck New School House

Cleveland, Oct. 29.—Sheriff's de-
puties were busy today running down
reports that the new \$60,000 Mayfield
township grade school, nearing com-
pletion, wrecked by two explosions
late last night, had been bombed as
a result of labor troubles. Two ex-
plosions were heard, one at 10 o'clock
and the other two minutes later.

The first blast, believed to have
been caused by a time bomb placed
in a boiler, ripped out the rear wall
and brought floors and roof of the
almost completed structure down to
the ground. The second did much less
damage.

and children from 6 years up to con-

afternoon at 3 o'clock. The last Sun-
day in November officers will be

Road Work Stopped For Church Service

The church going people in the vi-
cinity of Calcutta were unable to get
to church Sunday morning because
the East Liverpool-Calcutta rd. was
being tarred, and they appealed to
Sheriff Gomer Lewis to come to Cal-
cutta and stop the work until after
the church service.

The latter complied with the re-
quest and the workmen laid down
their tools during the morning serv-
ice.

TWO SALEM GIRLS HURT, TWO AUTOS DAMAGED IN CRASH

One Auto Overturns, Other
Crashes Into a Pole
Near Leetonia.

Two Salem girls were painfully in-
jured and two machines badly dam-
aged in an automobile accident late
Saturday night between Kelly's park
and Leetonia.

The girls, Misses Catherine and
Susie Adams, of Ninth st. and one
other girl, accompanied by their
escorts, were returning from a Hal-
loween party near Leetonia when the
accident occurred.

According to witnesses, the man
driving the car in which the girls
were passengers attempted to pass
between two other cars, coming in
opposite directions and in doing so
struck one of the machines, overturn-
ing it and then crashed into a pole at
the side of the road.

The two girls were thrown clear
of the machine by the impact, alight-
ing on the road. They were taken to
Leetonia in one of the other cars
where medical attention was given.
They were found to be suffering from
severe bruises and lacerations, also
from shock. They were later brought
to their home here.

Passengers in the car that was
overturned miraculously escaped in-
jury although the machine was badly
damaged. It is said to have turned
over three times.

SINGLE TELEPHONE SERVICE IN COUNTY

Final Step In Unification
Taken Without Inter-
rupting Service.

But one telephone service is in ef-
fect in Columbiana county now.

Marking the final step in the uni-
fication of the lines of the Bell and
Ohio State services, the work of "cut-
ting in" was officially completed in
Salem at 10:15 p. m. Saturday. It was
announced Monday by Frank Swaney,
district manager of the Bell system.

Unification in Salem marks the
completion of four months work by
Bell officials. Work of cutting in
was started in July at Salineville, in
the southern end of the county, the
workers gradually coming north until
the work here was completed.

Subscribers in Salem were without
service for less than two seconds, ac-
cording to plant officials here. All
lines were in readiness and the work
of cutting in required about one sec-
ond.

All equipment of the Ohio State
lines will be removed by Bell work-
men at once. Work of removal
started Monday morning and it is ex-
pected that it will be completed with-
in two weeks.

Praise for the speedy manner in
which the work of unification was
completed was given to the traffic
division of the Salem office by Man-
ager Swaney. Approximately 35 men
from this department were required
to complete the work here.

Young People Will Conduct Preaching Service At Church

Miss Frances Probert and Joseph
Reeves, teachers in the Salem public
schools, will be the speakers when
the young people, members of Mr.
and Mrs. Harry Clay's classes of the
Christian church, assume charge of
the evening service at that church
next Sunday evening.

Miss Probert has chosen as her sub-
ject, "Friendship," while Mr. Reeves
will probably give a talk relative to
church colleges.

Members of the two classes will
have full charge of the evening wor-
ship period and they will also com-
pose the choir. All members of the
classes will meet at the church at
7:30 p. m. Thursday for rehearsal of
special music and to complete plans
for the occasion.

Small Potatoes Come Into Their Own, Set Style

Potato Necklace Makes Its
Appearance And Dare
Wins Its Reward.

This story is about small potatoes.
The average small potato is regard-
ed with scorn, and the small potato
in question were received when they
were first unearthed in a Salem gar-
den ten days ago. They were so
small that a party originally organized
to dig potatoes degenerated into a
fishing trip.

But the small potatoes persisted.
Their stunted growth inspired one of
the party to savor that they would
make an attractive necklace. And
thereby hangs the tale.

Thursday evening at a Halloween
party, these stunted but inspiring
spuds made their debut in the jovial
shoulders of the amateur gardener's
wife.

They were so well received in so-
ciety that the woman was the sur-
prised recipient of a dare to wear the
rope of tiny tubers to hunch in con-
sideration of a generous donation to
the collection plate from the party of
the second part.

The challenge was accepted and on
Sunday morning a new style was set
when the potato necklace made its
novel appearance in a pew as per
agreement. The collection plate re-
ceived the promised reward, and the
moral of this tale is that even a
small potato can do its bit. The wo-
man's name is withheld by request.

A Mixture In Day's News

HAT LEADS TO MURDER
Cincinnati, Oct. 30.—An argument
growing out of Mrs. Bertha Drifmeyer's
refusal to wear her hat to a mi-
lition picture show ended in her death
last night at the hands of her hus-
band, Russell Drifmeyer, 28, who shot
his 20-year-old wife through the hear-
during the dispute.

The husband almost hysterical with
grief, was arrested, and held on suspi-
cion today. He protested over and over
to the police that he was only "bluff-
ing" with the pistol and had no idea
it was loaded.

STARTLES CONGREGATION
Cincinnati, Oct. 30.—A drink-crazed
negro burst into St. Xavier church
Sunday morning during the 7 o'clock
mass and, staggering up the aisle
with loud cries and gestulating arm-
sat down in the front seat.

Screams from women in the con-
gregation added to the confusion
caused by this unprovoked interruption;
and quiet was restored only after
half dozen men ejected the interloper
from the building.

NEGLIGEE ENDS THEFT
Cincinnati, Oct. 30.—A thief who was
who was looting rooms at the Hay-
lin hotel Sunday afternoon opened
one door and confronted a woman in
negligee. She screamed and the
startled knight of the skeleton key
fled blindly down the stairs and up
through a crowded lobby before the
lounge there knew what it was all
about.

KLAN LEADER PREACHES
Cincinnati, Oct. 30.—Making good
on an anonymous announcement that
a member of the Ku Klux Klan would
appear in the pulpit of the Richmon-
dian street Christian church, a robe-
speaker who was introduced as Dr.
C. L. Fowler, president of Lanier col-
lege, Macon, Ga., and a national of-
ficer of the invisible empire, was on
hand at the appointed time and ad-
dressed a crowded house.

He was accompanied by a single
bodyguard who did not unmask and
whose identity remained concealed.
Dr. Fowler explained the purposes
and ideals of the KKKlan.

Mission Leader Says Jews Are Easily Converted

Rev. A. B. Machlin, superintendent
of the Hebrew Christian Mission of
Buffalo, gave an address full of in-
spiration at the First Baptist church
Sunday night. He said that not only
was Jesus Christ, the Saviour, a Jew
but all the early Christians likewise
were Jews and they brought the mes-
sage of salvation to the Gentiles.

"Today comparatively little is being
done for the conversion of the Jew,"
he said, "although it has been dem-
onstrated that he is as easily won as
other non-Christians when the same
faithful effort is made to reach and
teach him."

"The churches do not pray for the
conversion of the Jew as they do for
people of heathen religions. In their

CONTINUE PROBE OF P. O. ROBBERY

No new developments have been re-
ported in the investigation of the ro-
bbery of the Damascus postoffice by
postal officials working on the case.

Postal Inspector Ed Hagoney and
Sheriff Ben Morris of Youngstown
are conducting the investigation and
are at present following out a num-
ber of clues obtained after an inspec-
tion of the scene of the robbery.

Officials believe that the job was
the work of professionals and care-
fully planned. The postoffice is lo-
cated in the store of Postmaster H. O.
Stanley. Entrance to the room was
gained by prying a window at the
rear end of the store. The yeggs
wheeled the office safe to the ware-
room at the rear of the store, where
a half ton of flour had been removed
and the safe placed in with the flour
to deaden the noise of the explosive
used in blowing open the doors.

Thrown From Auto, Man Dies Instantly

Charles Reed, 41, Of East Liverpool, Steps From Moving
Auto, Thought To Be On Fire, And Is Hurled To
His Death Near Salem Early Monday.

Charles E. Reed, 41, of East Liver-
pool, was instantly killed about 4 a.
m. Monday morning, when he was ac-
cidentally thrown from a moving
automobile, about one mile from Da-
muscus on the Salem-Alliance rd.

During the past few weeks Reed
has been employed in a Sebring res-
taurant and together with his em-
ployer, a man named Whiteleather,
they journeyed to East Liverpool Sun-
day, bringing Mrs. Reed back with
them on the return trip.

Their journey had been delayed by
frequent engine troubles and just as
they neared Damascus the engine
"backfired" throwing a sheet of flame
from the rear of the car. In the be-
lief that the machine had taken fire,
Whiteleather, who was driving, called
to Reed to get out.

According to his companions, Reed
had been asleep in the rear of the
machine and it is believed that he

was not entirely awake when they
called to him to get out. At this
time the machine was going at a fast
rate of speed, according to the driver,
and Reed opened the door and stepped
out.

The speed of the car threw him
into the air and he alighted on the
back of his head on the brick pave-
ment, crushing his skull. White-
leather drove to Damascus where he
obtained medical assistance, but the
man had died instantly in the belief
of the physician.

The body was brought to the Ar-
thur morgue, later being removed to
East Liverpool, in charge of his son.

Reed was a potter by trade but
since the strike in East Liverpool
plants had been employed in Sebring.
He is survived by his wife, Mrs.
Emma Reed and one son, Victor.

Interment will be in East Liver-
pool.

tended to petty details like that. Later
his ardor cooled, and he went to St.
Louis, where she followed him. Then
he went to California, with her on
his trail. There she got a judgment
of \$20,000 for breach of promise. He
didn't pay, and she had him jailed in
Chicago, where it was discovered his
\$100,000 income amounted in real
money to \$10 a week. He has a pen-

Dress Shirt.

No clues have been found that will
lead to the identity of the dead baby
girl found floating in the Westville

Wrapped in a man's dress shirt of
fine quality, surrounded with thick
folds of cotton, the whole wrapped in
an issue of a Caron newspaper of
Oct. 27, the child had been thrown
into the dam less than 24 hours be-
fore she was found, doctors who ex-
amined the body said Saturday.

"Some one brought the baby there in
an automobile and threw the child
in the dam Wednesday night," Mayor
Guy Mushrush said today.

Mayor Mushrush is leading a force
of men investigating the case.

The Jail Bond Issue

IN view of the organized opposition on the part of farmers of the county and the lack of any official action to encourage it, there is little prospect that the bond issue of \$200,000 for a new county jail building will be adopted by the voters of the Columbiana county Nov. 7. The state has ordered a new building and the closing of the present jail by the first of next year. That means that until some permanent arrangements can be made the county will pay hundreds of dollars for the keep of its prisoners in other jails and for their transportation to and from Lisbon.

The commissioners have expressed the belief that the state would lift the ban on the present jail temporarily if the voters adopted the issue, thereby showing the intention of providing a new building. That would save the extra expense of boarding the prisoners in other counties. And yet the commissioners have placed the bond issue so much higher than is needed to construct a new building that they hope the amount alone will be sufficient to defeat the plan.

There is little question that such will be the case, even in view of the fact that the commissioners have agreed to issue only the amount of bonds necessary, now estimated at from \$75,000 to \$100,000. A visiting committee has announced that improvements can be made to the present building to place it in a safe and sanitary condition. If that is true why hasn't it been done long ago? For years every grand jury assembled at Lisbon has condemned the old jail building. For several years the state board of health joined in that condemnation. Now the bureau of industrial relations has added to its disapproval of the jail an order that it must be abandoned.

The question of cost should be the only one to enter into such an issue. The county auditor has stated that it will mean but a few cents to each taxpayer in the county. That, therefore, eliminates the cost as a stumbling block. What the county wants to know is why county officials for years have opposed a modern building in which to keep the county's prisoners, and why the opposition at present. Voting down this issue will not gain a thing.

Booze Isn't Coming Back

WET supporters are growing more clamorous as the campaign draws to a close. They are pushing their proposition to the fore, doing their utmost to attract public attention and win public favor. Straw votes from wet cities are being paraded all over the state as election day comes nearer. All this was to be expected. That it is being done need surprise no one familiar with such campaigns. But that is only one side of the situation.

On the other side there are a few facts, so plainly in evidence and so well established that they cannot be hidden or swept aside by any noisy vociferation. In Ohio there is an established an seasoned dry sentiment that cannot be overturned by wet straw votes or the extravagant claims of speakers in favor of booze.

Anyone who cares to study the map of the state, where dry territory was won and held long before the Volstead law ever was heard of, may find abundant proof of an established dry condition, fully warranting the claim that, as Ohio is dry today, so it will remain. It is perfectly futile for a few wet cities to indulge the belief they can control the sentiment of the voters of the state. They failed in that effort in the past. There is nothing in evidence today to warrant the belief they can control now.

Booze is not coming back in Ohio. It has had its day and has passed. It will not come back because against it is the established moral sense of the public and the invulnerable power of an economic demand. Booze is wasteful of manhood and treasure. It will stay out because no amount of clamorous enthusiasm will avail against the economic demand of a great industrial state. The clamor may be continued, but Ohio will stay dry.

20 YEARS AGO
(Issue of Oct. 30, 1912.)
Last night it was said to have been the coldest of the fall. Thermometers went down as low as 29 degrees and ice almost half an inch thick formed in exposed places.
Buell & Baker completed the work of laying brick block on Penn at yesterday. This ends the street paving work in this city for this year. This year paving was laid on eight streets of the city, two miles in all. Salem now has a little over 10 miles of paved streets.
When the city council let the contract for a new city jail to a Cleveland firm early in September it was understood the work was to be completed or at least under way in six weeks from date of contract. It has not been heard from since and it is supposed the company has so much work on hand that it has put the Salem job off.
This evening Dr. and Mrs. A. C. Yonkling will entertain the entire corps of teachers of the Salem public schools and members of the board of education and their wives.
Miss Lulu Gilbert and Frank C. Fisher, Alliance, were married Monday. The groom is a son of M. W. Fisher, manager of the Postal Telegraph company office here.
Dr. T. T. Church and Dr. W. J. Blackburn went to Canton this morning to attend the 50th semi-annual session of the Homeopathic Medical Society of Eastern Ohio.
Today Thomas Hiddleston moved from his farm four miles north of Salem to the Wire property, a mile north of town.
The carpenters will meet in special session Friday evening. At that time an organizer will be held with a charter.

Harvester for Sugar Beets.
Harvesting sugar beets has been facilitated by the invention of an Illinois man, and consists of a machine that tops, digs and boxes the product, according to the October Popular Mechanics Magazine. In operation, two shoes slide along the surface of the ground and carry a cutter which cuts the beet top at the required height, throwing the severed portion to one side. Following the topper, comes a digger, or uprooter, which removes the beet from the ground and carries it to the rear, where it is deposited in a box or basket.

(Issue of Oct. 30, 1912.)

News In Brief
Canton — Vice President Calvin Coolidge will be in Canton Friday to make a campaign talk. This will be his only appearance in Ohio during the campaign.
Sebring — The women of the dry forces of Sebring are carrying out a vigorous program here this week, in their efforts to defeat the light wine and beer amendment to be voted on at the November election. Preliminary plans for the work were outlined at a special meeting on the Christian church Sunday.

Settle Case Before Order Can Be Served
H. Oliver Smith of Leontia, and his wife, Caroline, whose petition for divorce was filed in the common pleas court several days ago, succeeded in fixing up their differences before Sheriff Lewis could reach the home to notify the wife of the action the husband had taken. Mrs. Smith and the three children were living at the farm home near Columbiana, and Smith appeared before Judge Moore and secured a temporary order, restraining her from selling or removing any of the crops or chattels from the farm. Before Mrs. Smith was officially notified of the order, however, an amicable agreement was reached by husband and wife, and the case was withdrawn. The couple was married in 1900 and their three children range in age from 9 to 15 years.

Makes a Family Supply of Cough Remedy
Really better than ready-made cough syrups, and saves about \$2. Easily and quickly prepared.
If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.
Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.
This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the raw, throat tickle, soothes the sore, irritated membranes so gently and easily that it is really astonishing.
A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.
Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.
To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction, or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

FIRST FRIENDS

Owing to the illness of his wife, Rev. Edgar A. Wollam, Cleveland, who is to be in charge of a series of evangelistic services at the First Friends church was unable to be at the Sunday services. He probably will be here for the Tuesday evening service.

At the morning hour for worship Sunday family day was observed and members of families sat together. Rev. John Pennington, Damascus, preached a practical sermon relating to the family and home life. There was an unusually large attendance.

That sin is the only thing that separated people from God was pointed out in a sermon by Rev. Merrill Coffin, the pastor at the evening service. He sounded a warning against sin and depicted how it wrecks lives and homes. He explained what real repentance for sin was and told of the salvation offered through the merits of the blood of Jesus Christ. Meetings will be held at this church each evening at 7:30, beginning with a song service in charge of Rev. Mr. Coffin.

Indian Has Remarkable Memory.
The most retentive memory in America is said to belong to a native Indian of the Yakima tribe. His brain cells register everything he sees or hears.

During the war he served with the army in France, and was of much value in carrying long messages, observing positions, or checking supplies, according to an Indian bureau report. When he was in camp he could call off a regimental roster and catalogue every item of equipment without any note or memorandum. On one occasion, after making a full report of observations to the extent of a thousand items or more, he repeated the full text of a lecture he had heard the night before. This was in the presence of the lecturer himself and was pronounced perfect.

15,000. He said he is glad the Lord let him live long enough to come to drive the devil out of Dayton, where, for these many years, he has been to sting high, no, low.

Mr. Sunday also took a rap at the wets and said that for years he had been fighting them successfully and meant to keep up the fight. The evangelist said that of all the people who profess to be Christians, the ones who occupy a 17-inch space in a pew on Sunday were in his mind the poorest, as they forget God upon leaving church. He challenged his three audiences

with the claim that they came to see what kind of a Christian he is and that he causes folks to sit there and listen. He added that if they were "smart enough," they would be on the platform where he was talking. Assuming a crouching pose dear to the hearts of camp followers, Billy shouted "I want to tell you many people in this old world are going to hell so fast that others can't see it owing to the dust."

The Jail Bond Issue
IN view of the organized opposition on the part of farmers of the county and the lack of any official action to encourage it, there is little prospect that the bond issue of \$200,000 for a new county jail building will be adopted by the voters of the Columbiana county Nov. 7. The state has ordered a new building and the closing of the present jail by the first of next year. That means that until some permanent arrangements can be made the county will pay hundreds of dollars for the keep of its prisoners in other jails and for their transportation to and from Lisbon.
The commissioners have expressed the belief that the state would lift the ban on the present jail temporarily if the voters adopted the issue, thereby showing the intention of providing a new building. That would save the extra expense of boarding the prisoners in other counties. And yet the commissioners have placed the bond issue so much higher than is needed to construct a new building that they hope the amount alone will be sufficient to defeat the plan.
There is little question that such will be the case, even in view of the fact that the commissioners have agreed to issue only the amount of bonds necessary, now estimated at from \$75,000 to \$100,000. A visiting committee has announced that improvements can be made to the present building to place it in a safe and sanitary condition. If that is true why hasn't it been done long ago? For years every grand jury assembled at Lisbon has condemned the old jail building. For several years the state board of health joined in that condemnation. Now the bureau of industrial relations has added to its disapproval of the jail an order that it must be abandoned.
The question of cost should be the only one to enter into such an issue. The county auditor has stated that it will mean but a few cents to each taxpayer in the county. That, therefore, eliminates the cost as a stumbling block. What the county wants to know is why county officials for years have opposed a modern building in which to keep the county's prisoners, and why the opposition at present. Voting down this issue will not gain a thing.

Booze Isn't Coming Back
WET supporters are growing more clamorous as the campaign draws to a close. They are pushing their proposition to the fore, doing their utmost to attract public attention and win public favor. Straw votes from wet cities are being paraded all over the state as election day comes nearer. All this was to be expected. That it is being done need surprise no one familiar with such campaigns. But that is only one side of the situation.
On the other side there are a few facts, so plainly in evidence and so well established that they cannot be hidden or swept aside by any noisy vociferation. In Ohio there is an established an seasoned dry sentiment that cannot be overturned by wet straw votes or the extravagant claims of speakers in favor of booze.
Anyone who cares to study the map of the state, where dry territory was won and held long before the Volstead law ever was heard of, may find abundant proof of an established dry condition, fully warranting the claim that, as Ohio is dry today, so it will remain. It is perfectly futile for a few wet cities to indulge the belief they can control the sentiment of the voters of the state. They failed in that effort in the past. There is nothing in evidence today to warrant the belief they can control now.
Booze is not coming back in Ohio. It has had its day and has passed. It will not come back because against it is the established moral sense of the public and the invulnerable power of an economic demand. Booze is wasteful of manhood and treasure. It will stay out because no amount of clamorous enthusiasm will avail against the economic demand of a great industrial state. The clamor may be continued, but Ohio will stay dry.

20 YEARS AGO
(Issue of Oct. 30, 1912)
Last night it seemed to have been the coldest of the fall. Thermometers went down as low as 29 degrees and ice almost half an inch thick formed in exposed places.
Buell & Baker completed the work of laying brick block on Penna at yesterday. This ends the street paving work in this city for this year. This year paving was laid on eight streets of the city, two miles in all. Salem now has a little over 10 miles of paved streets.
When the city council let the contract for a new city jail to a Cleveland firm early in September it was understood the work was to be completed or at least under way in six weeks from date of contract. It has not been heard from since and it is supposed the company has so much work on hand that it has put the Salem job off.
This evening Dr. and Mrs. A. C. Yentling will entertain the entire corps of teachers of the Salem public schools and members of the board of education and their wives.
Miss Lulu Gilbert and Frank C. Fisher, Alliance, were married Monday. The groom is a son of M. W. Fisher, manager of the Postal Telegraph company office here.
Dr. T. T. Church and Dr. W. J. Blackburn went to Canton this morning to attend the 55th semi-annual session of the Homoeopathic Medical Society of Eastern Ohio.
Today Thomas Hiddleston moved from his farm four miles north of Salem to the Wire property, a mile north of town.
The carpenters will meet in special session Friday evening. At that time an organizer will be held with a charter.

Harvester for Sugar Beets.
Harvesting sugar beets has been facilitated by the invention of an Illinois man, and consists of a machine that tops, digs and boxes the product, according to the October Popular Mechanics Magazine. In operation, two shoes slide along the surface of the ground and carry a cutter which cuts the beet top at the required height, throwing the severed portion to one side. Following the topper, comes a digger, or uprooter, which removes the beet from the ground and carries it to the rear, where it is deposited in a box or basket.

News In Brief
Canton — Vice President Calvin Coolidge will be in Canton Friday to make a campaign talk. This will be his only appearance in Ohio during the campaign.

Settle Case Before Order Can Be Served
H. Oliver Smith of "Leetonia, and his wife, Caroline, whose petition for divorce was filed in the common pleas court several days ago, succeeded in fixing up their differences before Sheriff Lewis could reach the home to notify the wife of the action the husband had taken. Mrs. Smith and the three children were living at the farm home near Columbiana, and Smith appeared before Judge Moore and secured a temporary order, restraining her from selling or removing any of the crops or chattels from the farm. Before Mrs. Smith was officially notified of the order, however, an amicable agreement was reached by husband and wife, and the case was withdrawn. The couple was married in 1900 and their three children range in age from 9 to 15 years.

Makes a Family Supply of Cough Remedy
Really better than ready-made cough syrups, and saves about \$2. Easily and quickly prepared.
If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup which is easily prepared in a few minutes.
Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.
This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.
A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.
Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.
To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

FIRST FRIENDS

Owing to the illness of his wife, Rev. Edgar A. Wolman, Cleveland, who is to be in charge of a series of evangelistic services at the First Friends church was unable to be at the Sunday services. He probably will be here for the Tuesday evening service.

At the morning hour for worship Sunday Family day was observed and members of families sat together. Rev. John Pennington, Damascus, preached a practical sermon relating to the family and home life. There was an unusually large attendance.

That sin is the only thing that separated people from God was pointed out in a sermon by Rev. Merrill Coffin, the pastor at the evening service. He sounded a warning against sin and declared how it wrecks lives and homes. He explained what real repentance for sin was and told of the salvation offered through the merits of the blood of Jesus Christ.

Meetings will be held at this church each evening at 7:30, beginning with a song service in charge of Rev. Mr. Coffin.

Indian Has Remarkable Memory.
The most retentive memory in America is said to belong to a native Indian of the Yakima tribe. His brain cells register everything he sees or hears.

During the war he served with the army in France, and was of much value in carrying long messages, observing positions, or checking supplies, according to an Indian bureau report. When he was in camp he could call off a regimental roster and catalogue every item of equipment without any note or memorandum. On one occasion, after making a full report of observations to the extent of a thousand items or more, he repeated the full text of a lecture he had heard the night before. This was in the presence of the lecturer himself and was pronounced perfect.

CITY THREATENED BY FOREST FIRES

Hundreds Of Men Fighting Desperately To Save Tennessee Homes.

Knoxville, Tenn., Oct. 30.—What was first considered as an ordinary woods fire, and not believed to have menacing qualities, has grown into the most serious forest conflagration in the history of Knox county, and this morning is entirely unchecked within a mile of the city limits.

Many hundreds of acres of valuable timber land have been burned over and scores of homes are in the immediate path of the blaze. All efforts to combat the flames have been futile and today hundreds of men are fighting desperately to save property, which now seems doomed to destruction.

The fire started three miles north of the city four days ago and has raged continuously until it now has eaten its way to a point known as Stoney Point, less than one mile from the corporation limits on North Broadway. Should the fire continue unchecked another 24 hours it will become menacing to the north end of the city. In this section, among valuable properties located on the extreme outskirts, is the famous White Springs hotel, the Belle Norris high school and to the left of the path the Central High school.

No reasonable estimate can be made of the damage done, although it will run into hundreds of thousands of dollars.

Fascisti Will Form New Italian Cabinet

Rome, Oct. 30.—Although isolated fighting was reported today the Italian "revolution" has ended in decisive victory for the Fascisti and the next government will be completely controlled by this extreme nationalist organization.

According to the Giornale D'Italia, Benito Mussolini, the new Fascisti premier, is making rapid headway towards creation of a ministry. Gabriele D'Annunzio, the warriepoet, and former dictator of Fiume, may be a member of the cabinet.

There's a line sermon for you folks who "wink" at the extravagances of your children. Pull them up in time if they show a tendency toward free spending; some day they will thank you for it.

CITY THREATENED BY FOREST FIRES

Hundreds Of Men Fighting Desperately To Save Tennessee Homes.

Knoxville, Tenn., Oct. 29.—What was first considered as an ordinary woods fire, and not believed to have menacing qualities, has grown into the most serious forest conflagration in the history of Knox county, and this morning is entirely unchecked within a mile of the city limits.
Many hundreds of acres of valuable timber land have been burned over and scores of homes are in the immediate path of the blaze. All efforts to combat the flames have been futile and today hundreds of men are fighting desperately to save property, which now seems doomed to destruction.

The fire started three miles north of the city four days ago and has raged continuously until it now has eaten its way to a point known as Stacey Point, less than one mile from the corporation limits on North Broadway. Should the fire continue unchecked another 24 hours it will become menacing to the north end of the city. In this section, among valuable properties located on the extreme outskirts, is the famous White Springs hotel, the Belle Norris High school and to the left of the path the Central High school.
No reasonable estimate can be made of the damage done, although it will run into hundreds of thousands of dollars.

Fascisti Will Form New Italian Cabinet

Rome, Oct. 30.—Although isolated fighting was reported today the Italian "revolution" has ended in decisive victory for the Fascisti and the next government will be completely controlled by this extreme nationalist organization.
According to the Giornale D'Italia, Benito Mussolini, the new Fascisti premier, is making rapid headway towards creation of a ministry. Gabriele D'Annunzio, the warrior poet, and former dictator of Fiume, may be a member of the cabinet.

A Line Sermon

"A little fire is quickly trodden out, which, being suffered, rivers cannot quench."
There's a line sermon for you folks who "wink" at the extravagances of your children. Pull them up in time if they show a tendency toward free spending; some day they will thank you for it.

For years this institution has jealously safeguarded the deposits of its customers, and asks for the privileges of caring for yours and your children's.

EAST PALESTINE FAILS TO STOP SALEM HIGHS

Red And Black Team Makes It Six Straight By 32-0 Score.

Chalk up one more for Salem High. Coach Vivian's Red and Black griders advanced within one step of the county football title Saturday at Kelly field when they walked all over East Palestine to the tune of 32-0.

The game was Salem's from start to finish and only in one instance was the Red and Black goal line endangered, that occurring in the last minute of play when a long forward pass netted East Palestine a gain of 40 yards and placed the ball on the three-yard line. The game ended before the quarterback could call a signal.

Visitors "Get" Roessler.
East Palestine did accomplish one of the things they came to Salem for, however. It was their boost that they would "get" Roessler, Salem fullback. They did. In the third period Roessler was knocked for the count and it took nearly ten minutes to bring him around again. He had to be taken from the game.

During the first quarter the contest was well worth watching, but after that East Palestine failed to put up enough opposition to make things interesting. It was simply a question of consecutive gaining on play after play for Salem.

The Red and Black's first touchdown came after seven minutes of playing. Receiving a punt on their own 48-yard line the locals proceeded to buck the ball clear across the goal. Two gains by Stirling netted 31 yards, Roessler added 20 more and then McKeown took the ball across the goal. Two gains by Stirling netted 31 yards, Roessler added 20 more and then McKeown took the ball across from the 20-yard line. He missed his try for goal when the ball hit the crossbar.

Four minutes after the touchdown Salem scored again mostly on line-backs by Roessler and Stirling. They failed at the try point when McKeown's pass was grounded.

The third touchdown came after the East Palestine safety men fumbled a punt and Sartick fell on the ball on the Palestine 20-yard line. Two bucks and Roessler carried the ball over. Sheehan's drop kick netted the extra point. By this time all the fight was gone from Palestine. The half ended 19-0.

Two line bucks by Roessler, an end run by Woods and a forward pass from McKeown to Sheehan placed the ball in scoring distance and Sheehan carried it over. His attempted drop kick was blocked.

Yengling Makes Good.
Salem's last marker came in the final period. With Yengling taking Roessler's place, the locals started from their own 35-yard line. Two passes from Sheehan to McKeown and a 35-yard pass from McKeown to Entriken advanced the ball considerably. Yengling then injected his speed and beef into the Palestine line and two first downs resulted. Sheehan picked up 20 yards around left end and then Yengling carried the ball across from the three-yard line. A pass, McKeown to Sartick, netted the final point.

One of the outstanding features of the engagement was the work of

Eagles Defeat Lisbon In Well Played Contest

Coming to life after two defeats in a row, the Salem Eagles downed the Lisbon Independents Sunday afternoon at Centennial park, 19 to 6, in a well-played game.

The sensation of the contest was furnished by Seeds in the first quarter, when he received a Lisbon punt and dodged his way through the entire visiting team for a run of 40 yards and the first touchdown. A snappy forward pass soon after the first touchdown resulted in a second marker and in the third quarter Trotter came through with a brilliant run around the Lisbon right end for the final tally of the game.

Lisbon was held scoreless until the

final period when a blocked punt placed the ball on the three-yard line, from where they carried it over for a touchdown.

The locals pulled a new one when they adopted the "conference" style of calling signals after the method used by Pitt against West Virginia. Immediately after every play the team got together and outlined the next play, catching Lisbon flat-footed.

The work of Seeds, Trotter, Dillie and Smith of Leetonia, stood out as brilliant.

The team will play a return game at Lisbon later in the season, probably November day.

Athletics Hold Dover Team For Three Periods

For three long periods the Salem Athletics and Dover Independents battled Sunday afternoon at Dover. Without a score, but in the final period the Dover aggregation came to life and shoved across two touchdowns, winning 12 to 0.

The game was nip and tuck throughout, marked by great defensive work of both teams. The Dover eleven proved too strong in the final period, however, and sent the Athletics home with their first defeat out of four starts.

The entire local team played first class football throughout and proved their strength by holding the Dover griders scoreless for three quarters. The Athletics were outweighed by their opponents but put up a game battle against the odds.

THREE HURT IN ALLIANCE CRASH

Alliance, Oct. 29.—Three persons were injured seriously, a child of three perhaps fatally, when the automobile in which they were riding left the road and struck a tree on North West ave. Sunday afternoon.

The child, Dorothy, whose father John Born, was driving the car, will not live, it was said at Alliance City hospital where she and her mother and Mrs. George Newman of North Bend, were taken.

Dorothy was cut about the head and face and injured internally. Mrs. Newman suffered a fracture of the leg, cuts on head and back and internal injuries and Mrs. Born, Mrs. Newman's sister, was hurt similarly.

Mr. Born and his two other daughters, Mildred, five, and Alta, twelve, escaped with a few scratches and bruises, as did the husband of Mrs. Newman. The party was on its way to Homeworth, to visit the mother of the two women.

DOCTORS STOP MEAT IN KIDNEY TROUBLE

No man or woman who eats too much meat can make a mistake by flushing the kidneys occasionally, says a well-known authority. Big eating may develop urecemia, which excites the kidneys; they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood; then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act again. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate and has been used for generations to flush and stimulate the kidneys; also to neutralize the acids in urine so it no longer causes irritation, thus often ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications.

REVENUES SLUMP, DEFICIT MOUNTS

Government Faces Billion
Dollar Shortage Next
Fiscal Year.

Washington, Oct. 29.—A government deficit of nearly \$1,000,000,000 next fiscal year confronts the administration, it was disclosed today by estimates of budget officers. The president and his advisers are said to be considering recommending new tax proposals to congress.

When the appropriation bills for the next year go to congress in December, a wide gulf between receipts and expenditures will be revealed. The receipts of the treasury will be far less than was shown by earlier estimates. This is due to the slump in revenues from all principal sources. Income and profits taxes show the largest decrease. Taxes from this source now are running \$120,000,000 below last year's figures. Expected revenues from government security sales and from disposition of surplus war property have fallen below estimates.

Although no agreement upon new tax legislation has been definitely reached, it is understood the administration is weighing the question of deriving more revenue from sales of luxuries. There is no thought of urging any increase in the present scale of income taxes. Treasury tax experts are to be called together early next month to help solve the problem. From the reports of department heads, it appears that government personnel is back near peace-time strength and operating expenses for the various bureaus have been cut to the bone. It is not thought possible to reduce them much more, without crippling efficiency and warning against this had been given the budget bureau. In some instances, department chiefs assert, economy has been enforced at the expense of real efficiency.

Must Get Just Try It!

"Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glow again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bend way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you." There is a reason why S. S. S. will help you. When you increase the number of your red-blood cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. It builds up run-down, tired men and women, beautiful complexions, makes the flesh firm. Start S. S. S. today. It is sold at all drug stores in two sizes.
